Under the patronage of Her Majesty Queen Rania Al Abdullah, Queen Rania Teacher Academy (QRTA) is organizing the first regional Teacher Skills Forum 2014.

The Teacher Skills Forum aims to bring to draw attention to the pressing educational needs of the region by emphasizing the importance of placing literacy, math and science competencies at the heart of learning to prepare our students for the 21st century workforce.

The Teacher Skills Forum offers a unique opportunity for teachers to be explore the latest developments, practices, and technologies available to improve teaching and learning practices in the classroom. Workshops will be offered in Arabic and English throughout the duration of the forum, to meet the varying needs of teachers in the region.

Global technology powerhouses to present smart learning tools that will shape future of education in the Arab world at GESS 2013
